

## Ideation Phase

### Define the Problem Statements

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| Date          | 4-07-2026                                                                                |
| Team ID       |                                                                                          |
| Project Name  | Food Ordering Behaviour and Consumer Trends: A Structured Analysis of Choices and Habits |
| Maximum Marks | 2 Marks                                                                                  |

#### Customer Problem Statement Template:

Customers want a fast, reliable, and affordable food ordering experience, but they struggle with too many restaurant options, inconsistent reviews, delivery delays, and unclear pricing. These challenges reduce customer satisfaction and make it difficult to choose the best restaurant.

|                            |                                                                                                |                                                                             |
|----------------------------|------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------|
| <b>I am</b>                | Describe customer with 3-4 key characteristics - who are they?                                 | Describe the customer and their attributes here                             |
| <b>I'm trying to</b>       | List their outcome or "job" the care about - what are they trying to achieve?                  | List the thing they are trying to achieve here                              |
| <b>but</b>                 | Describe what problems or barriers stand in the way - what bothers them most?                  | Describe the problems or barriers that get in the way here                  |
| <b>because</b>             | Enter the "root cause" of why the problem or barrier exists - what needs to be solved?         | Describe the reason the problems or barriers exist                          |
| <b>which makes me feel</b> | Describe the emotions from the customer's point of view - how does it impact them emotionally? | Describe the emotions the result from experiencing the problems or barriers |

#### Example:

|                    |                                           |                             |                                                                            |                                   |
|--------------------|-------------------------------------------|-----------------------------|----------------------------------------------------------------------------|-----------------------------------|
| I am<br>a traveler | I'm trying to<br>book flights on my phone | But<br>it takes a long time | Because<br>The website is not responsive and doesn't have a mobile version | Which makes me feel<br>Frustrated |
|--------------------|-------------------------------------------|-----------------------------|----------------------------------------------------------------------------|-----------------------------------|

| Problem Statement (PS) | I am (Customer)                  | I'm trying to                                                  | But                                                  | Because                                               | Which makes me feel                     |
|------------------------|----------------------------------|----------------------------------------------------------------|------------------------------------------------------|-------------------------------------------------------|-----------------------------------------|
| PS-1                   | An online food delivery customer | Find a restaurant with good quality food at a reasonable price | There are too many choices and reviews are confusing | I cannot easily compare restaurants based on ratings, | Frustrated and unsure about my decision |

|      |                                            |                                               |                                                                               |                                                                             |                               |
|------|--------------------------------------------|-----------------------------------------------|-------------------------------------------------------------------------------|-----------------------------------------------------------------------------|-------------------------------|
|      |                                            |                                               |                                                                               | price, and<br>delivery time                                                 |                               |
| PS-2 | A frequent<br>food<br>ordering<br>customer | Order food<br>quickly<br>during busy<br>hours | Delivery<br>is often<br>delayed<br>and order<br>tracking is<br>inaccurat<br>e | Restaurants<br>receive<br>many orders<br>and traffic<br>affects<br>delivery | Dissatisfied and<br>impatient |
